

A Visit to the Sea World

Have you ever been to a theme park? Have you ever been on a rollercoaster? Have you ever seen a spectacular firework display? Well, I have. Last weekend I went to the Sea World theme park. What was it like? Mmm... out of this world! It was fantastic and I had a great time!

Unfortunately, I forgot to take my camera with me, so you can't take a look at the photos. Never mind, I'll tell you all about my amazing day!

Have you ever seen sea turtles? I have, at the Sea World aquarium. The sea turtle was so big! I've never seen such a big one! I wanted to touch it and forgot that I was wearing my watch. But the sea turtle thought I was a fish and tried to bite my finger. Very funny, isn't it?

When was the last time you saw a firework display? The Sea World has marvellous firework displays! But I couldn't enjoy it, because right in the middle of it I realised I had lost my handbag! It's a pretty blue canvas handbag with leather straps. My mobile, my leather wallet and my sunglasses were in it. I asked everyone, checked everywhere and even looked under the table, but it wasn't there! I felt so annoyed and upset that my friends decided to take a better look. Can you imagine that it was hanging on the back of my chair under my coat! It was such a relief!

You know what you should do? Get a ticket to the Sea World as soon as you can! Besides, the rollercoasters are great there! I'm sure you haven't been on holidays for years! Here's your chance!
